EMMANUEL HOSPITAL ASSOCIATION

Fellowship for Transformation through caring

Emmanuel Hospital Association (EHA) is the largest Christian non-government health care provider in India, with 20 hospitals and 30 community based projects in 12 states of India.

EHA helps transform the lives of the poor and under-privileged people in rural areas of North, North East and Central India. EHA serves people and communities, regardless of race, caste, creed, gender, ethnic background or religious belief.

EHA is committed to the transformation of communities. EHA transforms people in the name and spirit of Jesus Christ, so as to declare Him through our words and actions.

EHA serves through health, development, HIV/AIDS and Disaster programs, investing in the health and well being of the poor.

EHA's comprehensive health services and approach integrates essential clinical services with primary health care and community level engagement in order to address the health needs of people in rural areas.

EHA works in partnership with the communities, churches, governments, and community - based organizations in the states and NGOs both nationally and internationally to deliver the services effectively and efficiently.

Our history

The twenty years between 1950 and 1970 were the dark ages of medical missions in India. The large scale exodus of European missionaries left many medical missions and churches in a crisis of leadership. It was in such a milieu that the idea of a federation of mission hospitals came into being. In 1970 EHA was officially formed and registered under the Societies Registration Act, 1860. Over the years EHA has grown to be a medical missionary movement and a fellowship of Christian health professionals, committed to bring about wholeness of life to the marginalized members of our varied communities.
