

New In-Patient Facility

Herbertpur
Christian
Hospital

Herbertpur, Uttarakhand
(A unit of Emmanuel Hospital Association)

At Herbertpur Christian Hospital our vision is to see the transformation of lives through caring. Since 1936 we have served the community with great devotion as a beacon of Christ's love to the region.

Our original in-patient unit dated back to the founding years of the hospital. Despite numerous renovations it was no longer able to meet the demands of patient care, and in 2016 was decommissioned.

We have been carefully planning and praying for 9 years to replace the In-Patient facilities.

Last year we broke ground on the ambitious project, and thanks to the amazing support of our friends and supporters the construction has so far been going quickly and smoothly.

The new building, when completed in late 2018, will be able to facilitate an exemplary level of healthcare to all.

Work is well underway for the new building, but we are still seeking financial support in order to fully equip the new hospital unit.
