

Our Work On

Reproductive Maternal, Newborn, Child & Adolescent Health

We believe that every woman & child should enjoy good health, life & dignity.

Our Approach

Access to quality health care for infants, children, Adolescents & Pregnant women.

Community based interventions for awareness, education, capacity building for health & well-being for women & children.

Strengthening of health systems through capacity building of Doctors, Nurses, ASHAs, Anganwadi workers, community health workers.

Addressing cross cutting issues such as gender, caste, disability in access to health care services.

Partnership with Government.

Research for policy change.

Our Activities

Secondary care through 20 hospitals in rural areas through services of antenatal care, postnatal care, family planning services, safe deliveries, neonatal care, neonatal & paediatric critical care (NICU & PICU).

Capacity building of women's group, adolescents group, married couples, fathers group, traditional birth attendants.

Capacity building of doctors, rural health care providers, Nurses, ANMs, ASHAs, Anganwadi workers & community health care workers.

Facilitating & linking for access to care.
